Awards such as retail relief are required to comply with the EU law on State Aid. In this case, this means returning the declaration (on the reverse of these notes) about De Minimus State Aid, confirming that the Council awarding you retail relief does not exceed the total €200,000 an undertaking can receive under the De Minimus Regulations EC 1407/2013; this includes Public House rate relief you are receiving for premises other than the one to which this bill refers. In terms of the declaration the Council is only interested in public support which is de minimus state aid; State Aid received under other exemptions or public support which is not State Aid does not need to be declared.
