Thank you

for taking the time to complete this Community Survey.

Is this your Vision for Ongar in 2033

Ongar is a vibrant small rural town, with good access to the surrounding countryside. It is proud of its historic heritage and friendly atmosphere

New developments have not detracted from Ongar's distinctive character, but have respected its historic form and design. New green corridors have been included to protect our varied wildlife.

Chipping Ongar Town Centre Conservation Area has been enhanced as an attractive pedestrian friendly location with additional services and community facilities to ensure that our larger population still has its day to day needs met within the town.

Our leisure and sports facilities and amenities have been improved with additional facilities to cater for our active residents. Ongar Schools have enough places for our children; and good health resources are local.

Have your say and make it happen
