Dear Planning Policy Team

Thank you for consulting us on the Neighbourhood Plan consultation for Ongar.

We have had to prioritise our limited resource and focus on strategic plans where the environmental risks and opportunities are highest. We attach our advice note which sets out our substantive response to Neighbourhood Plan consultations including Strategic Environmental Assessment screening and scoping.

We recognise that Neighbourhood Plans provide a unique opportunity to deliver enhancements to the natural environment at the local level. This advice note sets out the key environmental issues, within our remit, which should be considered. It also references sources of data you can use to check environmental features.

We hope this is helpful as you prepare evidence and the Neighbourhood Plan itself.

If you have any feedback please let us know.

Kind regards

George Lloyd
