1	We would like to take this opportunity to encourage the local authority to employ further proactive measures to help promote responsible dog ownership throughout the local area in addition to introducing Orders in this respect. These proactive measures can include: increasing the number of bins available for dog owners to use; communicating to local dog owners that bagged dog faeces can be disposed of in normal litter bins; running responsible ownership and training events; or using poster campaigns to encourage dog owners to pick up after their dog.	11/20/2023 12:51 PM
2	It should be an offence to leave poo on a pavement or path. However, if a dog discretely poos in the bushes in the forest it is far more ecological to allow it to biodegrade there than to use yet another plastic bag and introduce the poo and plastic into the waste disposal system.	11/3/2023 6:25 PM
3	Is this just an excuse to fine people?	10/28/2023 9:21 AM
4	Simple common sense on all accounts	10/27/2023 5:36 PM
5	Agree for most public spaces. However, in woodland and the forest off the main paths, there is not such a need and bagging dog waste is worse for the environment than leaving nature to deal with it where it isn't affecting people.	10/27/2023 11:56 AM

dangerous, but the authority seems to ignore and look the other way. Does the authority not have a duty of care to stop this .

7	This still leaves it open for people to put the poo in a bag and just leave the bag or chuck it into hedges, trees or private property	10/23/2023 7:30 PM

1	When on a PRoW, there is a legal requirement for a dog to be under control but no specific requirement for a lead to be used. As such, making it an 'offence' not to use a lead when on a PRoW may make enforcement legally problematic	11/20/2023 1:01 PM
2	This should apply to any public land , at all times . I am shocked at the dogs off lead when I stroll through the forest with children - not all owners are considerate and instead allow dogs to approach strangers - which is risky and a hazard .	11/3/2023 8:14 PM
3	If a dog is causing a nuisance by barking or growling or running at people then yes. However, if a dog is just playing happily no. Too many hillier than thou people think dogs should be on leads at all times. In my experience it is the dogs on leads who get protective and aggressive whilst those who run around and do not feel constrained are more calm and friendly.	11/3/2023 6:29 PM
4	I think this should depend on the dog being under control. Failing to provide reasonable free running exercise is harsh. As dog owners, we politely request any dogs not on lead be recalled away from ours or placed on a lead if recall fails. That's enough really.	11/2/2023 7:57 PM
5	All dogs should be on a lead at all times on publicly accessible land	11/1/2023 8:35 AM

7	Is this just an excuse to fine people?	10/28/2023 9:21 AM
8	yes, so long as there is good reason i.e. the breed of dog is a known aggressive type (bull terriers, cane corso etc.). We have a lot of forest that is used more by dog walkers than families and it would be a shame to limit non aggressive dogs running in the forest. I accept tighter controls in local parks where there are generally more young children.	10/27/2023 10:31 PM
9	This is too vague. If the officer demands it on one occasion is the requirement in place permanently? This appears to be pointless, although if it specified all dogs in a specific location that would work.	10/27/2023 6:42 PM
10	Obvious	10/27/2023 5:37 PM
11	Under what conditions will officers demand this? Their reasons and scope of powers need to be clarified - they cannot ask just because they feel like doing so.	10/27/2023 11:57 AM
12	I think there should be designated places where dogs have to be on leads such as access to playgrounds and tennis courts for example on riding recreation ground	10/25/2023 3:52 PM
13	In principal yes but in practice the likelihood of an 'authorised officer' being available at the time of the offence is a concern.	10/25/2023 9:40 AM
14	Yes if there is a specific reason e.g. If the dog is a danger or nuisance	10/24/2023 6:23 PM
15	Yes but needs to be clear who's authorized	10/24/2023 3:15 PM

1	The behaviour of the dogs and the competency of the handler need to be taken into consideration if considering this order. Research from 2010 shows that 95% of dog owners have up to 3 dogs. Therefore, the number of dogs taken out on to land by one individual would not normally be expected to exceed four dogs.	11/20/2023 1:04 PM
2	I own 5 dogs who are all very well behaved - this will mean I cannot walk them at the same time without help	11/18/2023 4:00 PM
3	Depending on dog size etc. these may effect professional dog walkers ability to earn a living.	11/10/2023 5:35 PM
4	I do agree that there must be a limit on the number of dogs, that a person is allowed to walk together, but even four could be too many, dependant on the breed	11/4/2023 6:04 PM
5	The question is misconceived. If the dogs are under control then there is no problem however many dogs there are. One dog out of control is a danger. Six well behaved dogs whether on a lead or not are fine.	11/3/2023 6:31 PM

9	I think 3 should be the maximum or you need to specify what breed of dogs. Who can run after 4 dogs out of control? If there small dogs that are generally non aggressive breeds then what's the problem. I think you need to include breed and or size of dogs into the equation. Four Brichon Friese would not normally be a group to be afraid of when off the lead!	10/27/2023 10:34 PM
10	Limit should be less than 4 per person - otherwise not controllable.	10/27/2023 6:04 PM
11	I would limit to 3 or 4	10/27/2023 5:37 PM

2	The maximum number of dogs a person can walk in a controlled manner is dependent on a number of other factors relating to the walker, the dogs being walked, whether leads are used, and the location where the walking is taking place. An arbitrary maximum number can also legitimise and encourage people to walk dogs up to the specified limit, even if at a given time or circumstance they cannot control that number of dogs.	11/20/2023 12:54 PM
3	Most dog walkers insurance limits the number of dogs in a group to 6. 6 should be the number used for the limit	11/18/2023 4:05 PM
4	If they are insured for the number they are walking, and the dogs are under control then no. It's often irresponsible owners with untrained dogs that cause the issue whereas this penalises all unnecessarily	11/18/2023 3:59 PM

2	We thus suggest instead that defined outcomes are used to influence people walking one or more dogs – domestically or commercially – such as dogs always being under control or on lead in certain areas. An experienced dog walker, for example, may be able to keep a large number of dogs under control during a walk whilst an inexperienced private dog owner may struggle to keep one dog under control. Equally, the size and training of dogs are key factors, hence why an arbitrary maximum number is inappropriate. The Kennel Club would recommend the local authority instead uses the 'dogs on lead by direction' measures and other targeted approaches – including Acceptable Behaviour Contracts and Community Protection Orders – to address those who do not have control of the dogs that they are walking.	11/20/2023 12:54 PM

1	We question the effectiveness of issuing on-the-spot fines for not being in possession of a poo bag and whether this is practical to enforce.	11/20/2023 1:05 PM
2	Whilst we support proactive efforts on behalf of local authorities to encourage responsible dog ownership, measures to require owners to pick up after their dogs must be fair and proportionate. We would not like to see responsible dog owners penalised unfairly. The Kennel Club has concerns regarding the proposal to introduce an offence of not having the means to pick up. Responsible owners will usually have dog waste bags or other means to clear up after their pets. However, if dog owners are approached at the end of a walk they may have already used the bags that they have taken out or given a spare bag to someone who has run out, for example. Such behaviour is encouraged by Green Dog Walker schemes.	11/20/2023 12:55 PM
3	No. This is one step away from searching and these are not police. Also, someone may be finished their walk and have already picked up after their dog and binned it, if they have used several bags and have none left it would be unfair to reprimand them when they've actually already been responsible. This is overkill.	11/2/2023 7:59 PM

1	Dogs Trust accepts that there are some areas where it is desirable that dogs should be excluded, such as children's play areas, however we would recommend that exclusion areas are kept to a minimum and that, for enforcement reasons, they are restricted to enclosed areas. We would consider it more difficult to enforce an exclusion order in areas that lack clear boundaries.	11/20/2023 1:06 PM
2	The exclusion of dogs from any 'specified fenced area' if across a PRoW may run the risk of falling foul of the law which specifically allows for a 'usual accompaniment' on a PRoW, normally taken to include dogs	11/20/2023 1:02 PM
3	The Kennel Club does not typically oppose Orders to exclude dogs from playgrounds or enclosed recreational grounds, such as skate parks or tennis courts, as long as alternative provisions are made for dog walkers in the vicinity. Children and dogs should be able to socialise together quite safely under adult supervision, with having a child in the home the biggest predictor for a family owning a dog.	11/20/2023 12:56 PM
4	Only specified areas with appropriate reasons e.g. enclosed children's play areas or areas of protected wildlife which are negatively impacted by dog activity.	11/20/2023 10:36 AM
5	Especially where there may be children or older people such as playgrounds	11/3/2023 8:16 PM
6	Well behaved dogs are no problem in any area. Untrained dogs are the issue and your proposals are unfair to the majority of well behaved dogs in the district.	10/29/2023 10:48 PM

7	An example of what type of space would be good?	10/28/2023 12:41 PM
8	Is this just an excuse to fine people?	10/28/2023 9:22 AM
9	yes in principle, so long as dog walkers also have a decent amount of space in which dogs can run and those spaces can be reached within a reasonable walking distance from the populated areas. Children should be able to play safely without fear of being attacked or even chased by a dog and those who do not like dogs are also entitled to walk peacefully and safely. We are all equal and dog walking provides a much needed mental health aide so it would be a shame to get carried away with too many / too robust restrictions which makes dog walkers the enemy. It would help if the council were to offer dog training classes at a reduced rate and perhaps mandate dog training attendance / certification for certain breeds of dogs and their owners. Ultimately we all know it's the thugs with the aggressive breeds that is causing the problems for the majority of well behaved dog breeds and their owners who ultimately will be the people affected. The thugs will ignore whatever you introduce and you will never provide the staff to catch these people but instead will hassle the good people. My recent dog sitting for my sisters loving Jack Russell showed me that 3 young guys can rcee their souped up electric bike (travelling at more than 20mph) in Stonards Park at 4pm in broad daylight and no authorities to be seen, on two consecutive days! Dog walkers and parents having to keep a watchful eye on their charges to ensure they weren't run over. How does that happen? Where's the park keeper? Good luck with trying to control the thugs and their dogs.	10/27/2023 10:48 PM

12	Which specified areas?	10/27/2023 11:58 AM

14	What are tha specified areas? Fenced areas (for example children's play area), yes but this could set a damaging precedent in that too many areas could mean all are ignored.	10/26/2023 12:11 PM
15	If the area is a designated children's play area or similar. Many foreign countries allow dogs in far more public places than we currently do - a well behaved dog is part of the family	10/24/2023 6:25 PM
16	Uncertain on this as not clear what areas	10/24/2023 5:51 PM
