

C1 Settlement Proformas

The settlement proformas that informed the Draft Local Plan can be viewed in the Report on Site Selection (2016).

Following the Regulation 18 Draft Local Plan consultation in 2016, updates were made to the settlement visions to reflect comments received but the remaining content of the proformas was not changed. The updated visions for the settlements are included in the relevant section of the Places Chapter 5 of the Local Plan Submission Version published in 2017.
